

Welcome to your new Direct Payment Support Service!

I am writing to let you know that since 1st September 2024 the Sheffield Direct Payment Support Service is now being provided by a dedicated team within the Council. Previously this service was provided by Penderels Trust on the Council's behalf.

What support is available to me?

The Direct Payment Support Service provides free information, advice and support about Direct Payments.

The service can support you:

- with information about how Direct Payments work and answer any questions you might have
- to understand your role and responsibilities in taking a Direct Payment
- to organise and make your own arrangements for your care & support
- to find and recruit suitable Personal Assistants (PAs)
- to carry out your role as an employer of PAs
- with any problems or issues you might experience
- to make arrangements with providers/agencies and other third parties
- to meet and speak to other people who have Direct Payments

Will there be any changes for me?

There will be no changes to your Direct Payment and the arrangements you have made for your care and/or support will not change or be affected.
